Specification sheet

Heart'n'Soul

Dining tables

The Heart'n'Soul dining table is where form meets function.

The extendable dining table has a slim, harmonious silhouette, giving it an airy appearance in the dining room.

The extendable dining table has two fabric-inlaid drawers at each end of the table, where you can quickly put away the mess and marks that everyday life sometimes leaves behind. The two drawers also work as holders for the two extension plates, making the table stable even when extended. The extension plates are hidden under the table – easy to add or remove.

The Heart'n'Soul dining table comes in two sizes to suit your home: The 120 is perfect for smaller spaces and intimate gatherings, while the 200 is ideal for larger dining rooms and seats up to 12. Both are extendable, giving you extra room for bigger dinners and cherished moments with loved ones.

The dining table is available with an oak table top or a table top with FENIX® nanolaminate. Nanolaminate is known for its remarkable durability, with exceptional resistance to scratches, stains, and impact. Making the nanolaminate table tops perfect for homes where life is lived, retaining their appearance over time. The flawless and smooth finish of the tabletop gives your space a sleek look, which will add a modern feel to your home, transforming the atmosphere.

For the Heart'n'Soul 120: The dark oak and black oak variants come with two extension plates, while the oak and walnut variants include one. Additional extension plates are sold separately.

Product type: Dining tables for indoor use

Cleaning:

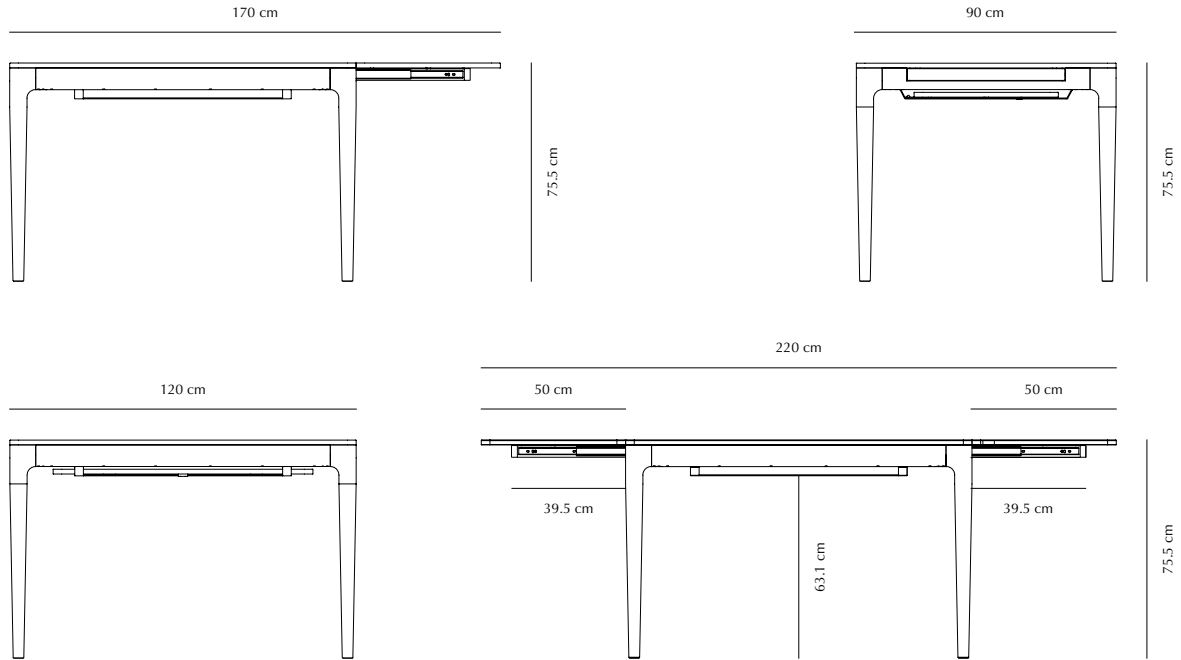

Dust with a clean, damp, lint free cloth. Frequent dusting will remove abrasive build up, which can damage the finish over time. Avoid exposing your furniture to any liquids. All liquids should be wiped up immediately with a soft slightly damp cloth. If sticky liquid residues do occur, they may be removed with a diluted solution of warm soapy water followed by a clean, damp sponge. The area should then be wiped immediately in the direction of the wood grain with a clean, soft white cloth until completely dry. Do not use a very wet cloth or allow any liquid to contact with the wood for a long period of time as this can permanently damage the surface. Wipe up spills immediately. Do not use any abrasive cleaner or harsh detergent as this can damage the surface of the furniture.
