

Walnut Semi Automatic Espresso Machine Optional Accessory Kit KESWAS

- This premium semi automatic espresso machine accessory kit* is beautifully accented with the warmth and natural texture of true walnut wood.
- Each piece in this kit is crafted from true walnut wood, showcasing the unique grain patterns and natural warmth that genuine wood can provide. The stainless steel components are engineered for durability and lasting performance.
- This premium semi automatic espresso machine accessory needs to be regularly seasoned with a food-safe wood conditioner. For example: mineral oil, manufactured food safe wood polish, beeswax, or walnut oil.
- Walnut wood accessories need to be hand washed, and dried immediately. It's not recommended leaving accessories submerged in water. Only gentle, non-abrasive detergents should be used and the usage of steel wool or steel scouring pads should be avoided. Not dishwasher safe.

KESWAS

* Espresso machine sold separately.

STANDARD ACCESSORIES

Removable Bean Hopper with True Walnut Wood Lid

The removable bean hopper makes it easy to switch up coffee beans. Simply twist and lift to easily remove the bean hopper to empty, exchange or refill with fresh beans.

Premium Stainless Steel Portafilter with True Walnut Wood Handle

Simultaneously prepare one or two shots of espresso with the 2-spout portafilter. 58mm easy tamp portafilter is designed with recessed spouts to enable a flat base for easier, more stable tamping on a flat surface vs. a traditional residential espresso machine portafilter, resulting in consistent, optimal flavor and rich crema for espresso results.

Tamper with high-quality Stainless Steel base and True Walnut Wood Handle

The walnut wood handle of this tamper is ergonomically designed for a comfortable and balanced grip, ensuring a consistent tamp every time.
