WORKSHOP PENDANT 75 YEAR ANNIVERSARY

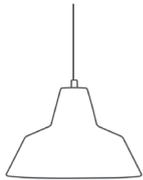

In celebration of 75 years of the iconic WORKSHOP lamp (1951–2026), we introduce the WORKSHOP Anniversary Edition - adding subtle brass detailing to elevate the look and feel of the classic lamp. A solid brass top, refining the finish while staying true to the lamp's original character. The edition also debuts three new colours: Together, they form a muted but sumptuous spectrum - proof that shine, when thoughtfully tuned, can feel both timeless and deliciously modern.

Since 2014 Made by Hand has been celebrating fine craftsmanship and understated luxury with inspiration from many Scandinavian craft traditions and styles, - and the company was founded on the re-introduction of the classic, old workshop lamp from 1951, which we still make today in workshops in Denmark. Since then, the portfolio of designs has been developed over the years in collaboration with young as well as acclaimed international designers sharing our passion for natural materials and permanence in design.
